

# Endofest

2011

two days  
everything  
endoscopy

SEPTEMBER 16-18, 2011

HYATT REGENCY LA JOLLA

SAN DIEGO, CALIFORNIA

## Founding Course Director

**Christopher J. Gostout, MD, FASGE**

Mayo Clinic  
Rochester, Minnesota

## Course Directors

**Brenna Casey Bounds, MD, FASGE**

Massachusetts General Hospital  
Harvard Medical School  
Boston, Massachusetts

**Steven A. Edmundowicz, MD, FASGE**

Washington University  
School of Medicine  
St. Louis, Missouri

**John A. Martin, MD**

Northwestern University  
Chicago, Illinois

Society of Gastroenterology Nurses and Associates, Inc.

# two days

highlighting the latest

## research, skills and technologies

in the practice of

# endoscopy

EndoFest, ASGE's signature event, will feature two full days of multiple simultaneous sessions highlighting the latest research, skills and technologies in the practice of endoscopy.

Didactic and hands-on sessions will address "everything endoscopy" including colonoscopy, enteroscopy, clipping, suturing, stenting, GI bleeding, feeding tubes, EMR, ESD, ERCP, EUS, strictures, difficult cases, complications and more. Small-group formats will encourage open

discussion and collegial interaction with world-renowned expert faculty.

Participants will be able to tailor this event to their individual need. A complete didactic and scientific program is included with registration, and participants can choose the additional hands-on sessions that meet their needs. ASGE will also present its Learning Center where participants can view the latest and most popular educational DVDs from the ASGE Endoscopic Learning Library in their entirety for free, and earn additional CME.

Also, take advantage of the extensive exhibit area, with the latest technologies and devices. At EndoFest, there is something for everybody!

**Learning objectives.** As a result of attending this course, participants will be able to:

- Integrate the latest scientific advances and practice guidelines in specific clinical areas into their practice.
- Apply advanced endoscopic skills and techniques into their performance in endoscopy.
- Recognize the potential pitfalls related to specific advanced endoscopic skills and techniques.
- Evaluate the benefits, applications and limitations of advanced endoscopic devices.

**Target audience.** EndoFest is designed for all physicians and health care providers involved with practicing endoscopy including GI physicians, surgeons, nurses, technicians and other members of the health care team.

## Faculty

### Michelle A. Anderson, MD

University of Michigan Medical Center  
Ann Arbor, MI

### John Baillie, MD, FASGE

Wake Forest University Health Sciences

ASGE has received Accreditation with Commendation by the Accreditation Council for Continuing Medical Education as a provider of continuing medical education for physicians.

# Conference agenda (Session descriptions begin on page 4.)

**S** Scientific & Video-Based Sessions  
(All Attendees)

**H** Hands-on (HO)

**H** Hands-on (HO)

## Thursday, September 15

**PRE-COURSE** (Separate brochure and registration)

8:00 a.m.-5:00 p.m.

Improving Quality and Safety in Your Endoscopy Unit  
For additional information, visit [www.asge.org](http://www.asge.org)

## Friday, September 16

**ENDOFEST PRE-SESSIONS**

1:00-2:15 p.m.

GI Nurses Workshop I

2:30-4:30 p.m.

Advanced Capsule Endoscopy

GI Nurses Workshop II

ESD

**ENDOFEST MAIN CONFERENCE**

5:00-6:00 p.m.

**Opening General Session:** Xtreme bleeding

6:00-7:30 p.m.

**EndoFest Welcome Reception in Exhibit Hall (all participants invited)**

## Saturday, September 17

### SESSION 1

7:30-8:30 a.m.

Tubes, Nutrition and Obesity

8:30-9:30 a.m.

Managing Endoscopic Complications

Enteroscopy

Endoluminal Stents

9:30-10:00 a.m.

Break, Exhibits and Learning Center

10:00-10:45 a.m.

**General Session:** Colonic Neoplasia—Save the Colon!

### SESSION 2

10:45-11:45 a.m.

EUS at the Movies

11:45 a.m. -12:45 p.m.

Complex Strictures

EMR and Ablation

Emergency  
Endoscopy Skills

12:45-1:30 p.m.

Lunch, Exhibits and Learning Center

### SESSION 3

1:30-2:30 p.m.

Stents—Stem to Stern

2:30-3:30 p.m.

Colonoscopy—Can You Be Better?

EMR and Ablation

Clipping and  
Suturing

3:45-4:45 p.m.

**General Session:** Stones from Hell

5:00-6:00 p.m.

**Happy Hour Reception with Faculty and Exhibitors (all participants invited)**

## Sunday, September 18

### SESSION 4

7:45-8:45 a.m.

ERCP Basics I: Cannulation & Sphincterotomy

8:45-9:45 a.m.

ERCP Basics I: Stone Management

Pseudocyst Drainage

Clipping and  
Suturing

9:55-10:40 a.m.

**General Session:** True Confessions from the Experts

### SESSION 5

10:45 a.m. -12:45 p.m.

Mucosal Ablation and Excision

ERCP Basics II

Endoluminal Stents

Register online at  
[www.asge.org/endofest.aspx](http://www.asge.org/endofest.aspx)

# Session Descriptions

## Pre-Sessions

### Friday, Sept. 16, 1:00-4:30 p.m.

Three pre-sessions offered on Friday afternoon will provide targeted education and training for specific audiences. These sessions are not included in the overall conference registration fee.

#### Advanced Capsule Endoscopy

2:30-4:30 p.m.

**Directors:** Peter E. Legnani, MD, and Elizabeth Rajan, MD, FASGE

Attendees will learn advanced skills in the use of capsule endoscopy for the diagnosis and management of gastrointestinal disease, including obscure GI bleeding, Crohn's Disease and other small bowel diseases. This session will use real-life clinical scenarios to help participants hone their skills in interpretation of capsule endoscopy findings and improving patient outcomes.

#### GI Nurses Workshop **H**

1:30-4:30 p.m.

**Directors:** Michelle A. Anderson, MD, John A. Martin, MD, and Teri A. Derimanoczy, MSN, FNP-BC CGRN

This session will use lectures, discussion and hands-on training to focus on the role of nurses as part of the GI Team. Discussion will range from everyday scenarios in colonoscopy, GI bleeding management, and sedation, to novel techniques such as non-white light endoscopic imaging, reprocessing and more. Participants will have the opportunity to explore new equipment with the experts, including clips, stents, snares and foreign body retrieval equipment.

#### Endoscopic Submucosal

#### Dissection **H**

1:30-4:30 p.m.

**Director:** Norio Fukami, MD, FASGE

Endoscopic submucosal dissection is a newer method to remove mucosa in GI tract. It

**G** **General Sessions** will feature a panel of experts discussing specific cases on hot topics in endoscopy. General sessions are open to all registrants.

**S** **Scientific Sessions** will use didactic presentations, video case studies and discussion formats to explore the latest scientific advances in endoscopy in a smaller-group format. Scientific sessions are open to all registrants.

**H** **Hands-on Sessions** will feature up to nine stations demonstrating diverse techniques and technologies within the topic area, using ex vivo pig stomachs and/or other available models.

is much more technically challenging than EMR but it allows larger mucosal resection, which may be more suitable in certain clinical situations. This hands-on session will offer a rare opportunity to observe and practice the latest techniques of ESD, which is new to the practice in United States. It will explore the pros and cons of different ESD knives, their use for each step in ESD, and allow participants to familiarize themselves with the concept for the clinical use and technique of ESD.

## Conference Sessions

### Opening General Session

#### Xtreme Bleeding **G**

Friday, Sept. 16, 5:00-6:00 p.m.

**Moderator:** Steven A. Edmundowicz, MD, FASGE

**Faculty:** Michael J. Levy, MD, and M. Brian Fennerty, MD, FASGE

During this session, examples of severe gastrointestinal bleeding will be presented in a video-based, interactive format. Cases will include different etiologies of severe bleeding and foster discussions regarding management options, focusing on new technologies for the diagnosis and management of severe GI bleeding. *Participants may also be interested in the hands-on session "Clipping and Suturing."*

### SESSION 1: SATURDAY, SEPTEMBER 17

7:30-9:30 a.m.

#### Tubes, Nutrition and Obesity **S**

7:30-8:30 a.m.

**Faculty:** John A. Martin, MD, and Richard I. Rothstein, MD

Just in time—A session on everything nutrition in endoscopy, from feeding difficulties to endoscopic management of bariatric surgical complications, plus a sneak-peek into the future of endoluminally-delivered bariatric devices. This session will cover enteral feeding devices, detailing secure placement, proper indications, and troubleshooting, as well as a review of the bariatric devices and a discussion of the endoscopist's role in post-bariatric surgery complications.

#### Managing Endoscopic

#### Complications **S**

8:30-9:30 a.m.

**Faculty:** Brenna Casey Bounds, MD, FASGE, and Sreeni Jonnalagadda, MD, FASGE

This session will cover endoscopy complications for colonoscopy, upper endoscopy, dilation, ERCP, and endoscopic ultrasound. A case-based format will be used to address early recognition, and the medical, endoscopic, and/or surgical management of the complications. The quality metric of complication monitoring will also be discussed. *Participants may also be interested in the hands-on session "Emergency Endoscopy Skills."*

#### Enteroscopy **H**

7:30-9:30 a.m.

**Director:** Elizabeth Rajan, MD, FASGE

Attendees will learn the techniques for enteroscopy including single balloon enteroscopy, double balloon enteroscopy and rotational endoscopy. Attendees will have hands-on training using ex vivo animal models.

#### Endoluminal Stents **H**

7:30-9:30 a.m.

**Director:** Todd H. Baron, MD, FASGE

Participants will gain experience with techniques in esophageal, biliary, gastroduodenal and colonic stent placement, using both "on table" and animal models. *Participants may also be interested in the Scientific Session, "Stents: Stem to Stern."*

### General Session

#### Colonic Neoplasia—Save the Colon! **G**

Saturday, Sept. 17, 10:00-10:45 a.m.

**Moderator:** Christopher J. Gostout, MD, FASGE

**Faculty:** Gregory G. Ginsberg, MD, FASGE, and Jerome D. Wayne, MD, FASGE

This session will address the technical challenges of managing diseases of the colon and rectum, especially neoplasia and dysplasia associated with IBD. The faculty will address how the latest techniques and skill sets can be successful for complex problems. The application of advanced techniques and careful selection of endoscopes and devices may be able to reset the timing of surgical intervention for some disorders.

### SESSION 2: SATURDAY, SEPTEMBER 17

10:45 a.m.-12:45 p.m.

#### EUS at the Movies **S**

10:45-11:45 a.m.

**Faculty:** Michael J. Levy, MD

An interactive, case-based format will be utilized to help emphasize important issues pertaining to the use of EUS for the management of pancreaticobiliary disorders, luminal cancer, chronic pancreatitis, and sub-epithelial mass lesions, among other indications.

#### Complex Biliary Strictures **S**

11:45 a.m.-12:45 p.m.

**Faculty:** John Baillie, MD, FASGE, and Michael L. Kochman, MD, FASGE

The diagnosis and management of complex biliary strictures will be discussed and critically reviewed using a variety of interactive methods, including video cases. Specific topics include common presentations, diagnostic imaging, brush cytology (and adjunctive methods of tissue sampling, including EUS-FNAC), and endoscopic versus radiologic versus surgical management.

## EMR and Ablation **H**

10:45 a.m.-12:45 p.m.

**Director: Kenneth K. Wang, MD, FASGE**

This session will allow hands-on time with various types of equipment for ablation in Barrett's Esophagus. Participants will learn the technical and practical aspects of applying therapy for mucosal-based disease in the GI tract.

## Emergency Endoscopy Skills **H**

10:45 a.m.-12:45 pm

**Director: Patrick R. Pfau, MD**

This hands-on session will cover all endoscopy that wakes you up in the middle of the night. Skills covered and discussed will include the endoscopic treatment of variceal and non-variceal bleeding and techniques of foreign body removal. Participants will band, inject, and place balloons for tamponade; use clipping, cautery, and injection therapy for non-variceal bleeding; and perform foreign body removal with the latest accessories.

## SESSION 3: SATURDAY, SEPTEMBER 17

1:30-3:30 p.m.

## Stents: Stem to Stern **S**

1:30-2:30 p.m.

**Faculty: Todd H. Baron, MD, FASGE, and Douglas O. Faigel, MD, FASGE**

During this session the participant will hear about the use of expandable stents through the gastrointestinal tract. Available devices, indications for placement, placement techniques and outcomes following placement will be discussed. *Participants may also be interested in the hands-on session "Endoluminal Stents."*

## Colonoscopy—Can You Be Better? **S**

2:30-3:30 p.m.

**Faculty: Kenneth R. McQuaid, MD, FASGE, and Jerome D. Wayne, MD, FASGE**

This session will emphasize colonoscopy techniques that everybody can use to enhance their colonoscopy. We will discuss the four basic techniques for colonoscopy and how to employ them effectively. Pitfalls and problems during procedures will be fully explored. *Participants may also be interested in the hands-on session "Emergency Endoscopy Skills."*

## EMR and Ablation **H**

1:30-3:30 p.m.

**Director: Kenneth K. Wang, MD, FASGE**

Repeated from Session 2.

## Clipping and Suturing **H**

1:30-3:30 p.m.

**Director: Gottumukkala S. Raju, MD, FASGE**

Participants will be able to practice their technique with experts, using different types of clips and the latest suturing devices. After attending this session participants will be able to apply these techniques in their practice.

## General Session

### Stones from Hell **G**

Saturday, September 17, 3:45-4:45 p.m.

**Moderator: Michelle A. Anderson, MD  
Faculty: David R. Lichtenstein, MD, and Raj. J. Shah, MD**

In this session, faculty will use case-based presentations and video to highlight the use of ERCP in the management of patients with large or difficult to remove common bile duct stones. We will focus on advanced ERCP techniques and equipment including mechanical lithotripsy, cholangioscopy, electrohydraulic lithotripsy (EHL) and papillary dilation for stone extraction. Participants will also learn about potential pitfalls and practices for preventing unwanted outcomes.

## SESSION 4: SUNDAY, SEPTEMBER 18

7:45-8:45 a.m.

## ERCP Basics I: Cannulation & Sphincterotomy **S**

7:45-8:45 a.m.

**Faculty: John Baillie, MD, FASGE, and Gregory G. Ginsberg, MD, FASGE**

Participants will be exposed to didactic presentations, case discussions and video clips highlighting the use of ERCP in the management of patients with pancreaticobiliary disorders, focusing on cannulation and sphincterotomy techniques. *Participants may also be interested in the hands-on session "ERCP Basics II."*

## ERCP Basics I: Stone Management **S**

8:45-9:45 a.m.

**Faculty: Michelle A. Anderson, MD, and Steven A. Edmundowicz, MD, FASGE**

Using didactic presentations, case discussions and video clips highlighting the use of ERCP in the management of patients with choledocholithiasis and/or biliary obstruction, participants will learn proper indications and use of ERCP-related technologies and techniques, including sphincterotomy and stone extraction, stricture dilation and stent placement. In addition, practices for preventing unwanted outcomes and dealing with complications will be discussed. *Participants may also be interested in the hands-on session "ERCP Basics II."*

## Pseudocyst Drainage **H**

7:45-9:45 a.m.

**Director: Christopher J. Gostout, MD, FASGE**

The basic technique for trans-gastric pseudocyst drainage and access to pancreatic necrosis with post-procedure stenting will be acquired during this session using an *ex vivo* plant model.

## Clipping and Suturing **H**

7:45-9:45 a.m.

**Director: Gottumukkala S. Raju, MD, FASGE**

Repeated from Session 3.

## ASGE Learning Center

The ASGE Learning Center is a dynamic, interactive, complementary educational resource for EndoFest attendees, providing an opportunity to view endoscopic educational videos from ASGE's Endoscopic Learning Library and earn CME for free. Visit [www.asge.org/endofest.aspx](http://www.asge.org/endofest.aspx) to let us know which videos you would like to see when you attend EndoFest!

## General Session

### True Confessions from the Experts **G**

Sunday, Sept. 18, 9:55-10:40 a.m.

**Moderator: John A. Martin, MD  
Faculty: John Baillie, MD, FASGE, Todd H. Baron, MD, FASGE, and M. Brian Fennerty, MD, FASGE**

This session will feature renowned expert faculty presenting real cases in which the trials and tribulations they encountered are revealed frankly and in detail. Exceptional technical challenges and severe situations will be viewed in light of technologies and techniques utilized, what was helpful and what was not, complications sustained or avoided, good outcomes and bad, and important lessons learned.

## SESSION 5: SUNDAY, SEPTEMBER 18

10:45 a.m.-12:45 p.m.

## Mucosal Ablation and Excision **S**

10:45 a.m.-12:45 p.m.

**Faculty: Richard I. Rothstein, MD, Prateek Sharma, MD, and Kenneth K. Wang, MD, FASGE**

This session will review the devices, techniques and outcomes of mucosal ablation with a focus on radiofrequency and cryo ablation modalities. Mucosal excision by EMR and ESD will be discussed, including decision-making on appropriate interventions and methods/devices for doing these therapeutic interventions. This session will encourage interactive dialogue among the attendees and will focus on current evidence-based practice. *Participants may also be interested in the hands-on session "EMR and Ablation."*

## ERCP Basics II **H**

10:45 a.m.-12:45 p.m.

**Director: Michelle A. Anderson, MD**

This hands-on experience will allow attendees to practice core ERCP skills such as sphincterotomy, cannulation, stenting and dilation. *Participants may also be interested in the Scientific Sessions in "ERCP Basics I."*

## Endoluminal Stents **H**

10:45 a.m.-12:45 p.m.

**Director: Todd H. Baron, MD, FASGE**

Repeated from Session 1.

## Hotel Information

Registration for EndoFest sessions is limited. Please do not reserve your overnight accommodations or make airline reservations until you have received a formal confirmation of registration from the ASGE office.

**Hyatt Regency La Jolla at Aventine**  
**3777 La Jolla Village Drive**  
**San Diego, CA 92122**  
<http://www.hyattregencylajolla.com/>

ASGE has arranged a room block for this course at \$189 per night plus applicable taxes and fees. This discount is only valid if the reservation is made **before August 17, 2011**. Please contact the hotel directly to make reservations by calling (888) 421-1442 or (858) 552-1234; ask for in-house reservations and reference "EndoFest."

## Cancellation and Change Policy

ASGE plans its hands-on sessions and related supplies for EndoFest based on registration. For that reason, requests for refunds of any kind must be received in writing **no later than Friday, August 26, 2011** to [education@asge.org](mailto:education@asge.org). Refunds requested before this date will be subject to an administrative fee of \$100. Refunds will not be issued after August 26, 2011. Attendee substitutions are permitted with ASGE authorization. ASGE has the right to cancel a program at any time at its discretion.

If you would like to add, subtract or change specific sessions in your EndoFest itinerary, please call Customer Care at (630) 573-0600. Changes may be accommodated if space is available.

## Supporters

This conference is supported, in part, by an educational grant from Olympus Corporation of the Americas.

## OLYMPUS

The ASGE Institute for Training and Technology is supported, in part, by the ASGE Foundation Education Fund. Supporters include Fujinon, Inc., a subsidiary of FujiFilm Medical Systems U.S.A. and other generous donors.

## Continuing Medical Education

The American Society for Gastrointestinal Endoscopy (ASGE) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

ASGE designates this live activity for a maximum of 16.75 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CME Credit for viewing DVDs at the ASGE Learning Center is not included in the above designation. Credit may be claimed separately for viewing DVDs.

## General Information and Continuing Education for Nurses

All participants will be required to pay an overall conference fee which is significantly discounted for nurses and techs. This fee includes access to all general sessions and didactic breakout sessions, as well as the exhibits, learning center, two receptions and lunch on Saturday. **Non-member nurses will need to register by phone or fax, as this discount is not available on-line.**

The GI Nurses Workshop has been submitted to the Society of Gastroenterology Nurses and Associates, Inc. for approval.

The Society of Gastroenterology Nurses and Associates, Inc. is accredited as an approver of continuing education in nursing by the American Nurses Credentialing Center's Commission on Accreditation.

Participants in all other sessions will receive a certificate of attendance specifying hours of education accredited for *AMA PRA Category 1 Credit*<sup>™</sup>. This certificate can be used towards nursing requirements.

## Registration Information

All registrants must register for the general conference, which includes all general sessions, scientific sessions, exhibits, learning center, two receptions and Saturday lunch. Hands-on sessions and workshops have an additional fee, and are limited in capacity to maximize the educational experience.

**Registrations received before August 1, 2011 will receive the early bird discount.**

### • Registration online:

**ASGE strongly recommends that you register online.** If you register online, your spot in each session will be automatically reserved. Register online at [www.asge.org/endofest.aspx](http://www.asge.org/endofest.aspx).

Other options for registration are listed below. Please note that space is limited in hands-on sessions and your registration in each session can only be confirmed upon receipt of your registration form and payment. You will be sent a confirmation once your registration has been received and processed.

### • Register by mail:

Send your completed registration form and payment to:  
ASGE  
4461 Paysphere Circle  
Chicago, IL 60674

### • Register by fax: (630) 573-0691

### • Register by phone: (630) 573-0600

Register online at  
[www.asge.org/endofest.aspx](http://www.asge.org/endofest.aspx)

If endoscopy is your practice...

**ASGE is your partner**  
**and**  
**EndoFest is your event!**

If you are an industry representative and you are interested in attending this course, please contact our Corporate Relations Director, Linda kay Tyler at (630) 570-5601 or ltyler@asge.org.

<b>TOTAL REGISTRATION FEE</b>				

This new program is designed to recognize and reward endoscopists who are dedicated to their own professional development and furthering their ability to provide the most effective patient care. Participants in this program will receive discounts on ASGE courses, products, as well as a Certificate of Achievement in Endoscopy Education. For additional information on the criteria and application process, please visit the Training and Education web page at [www.asge.org](http://www.asge.org).
