**Subject:** Infection Prevention Champions Program: Wrap Up

### Infection Prevention Champions Program

Dear Champion,

Your Champion Program term will be coming to a close on May 31, 2017. As this date approaches, we would like to help you wrap up any outstanding items.

#### Requirement Deadlines

The final four requirements will be **due on December 31, 2017**. These include:

- Describe progress made on the goals submitted for Champion's unit
- Champion has [participated in 180 minutes](#) of infection prevention education during the term
- Champion's unit has [participated in 120 minutes](#) of infection prevention education during the term
- The champion's manager completes an [evaluation](#) of the champion

To see a list of the full term's requirements, [click here](#).

Requirements should either be emailed to [Champions@sgna.org](mailto:Champions@sgna.org) or faxed to 312-673-6694 by the end of your champion term.

#### Bi-monthly E-letters

For reference in the future, save or print all of the e-letters that were emailed to you during your term. These letters can be found [here](#). Access to these letters ends after your champion term, so be sure to save them by that date.

#### Renew Participation in the Program

Whether you continue your role or you pass the torch to a new unit champion, renew your unit's participation in the program.

If you are a facility that is looking to **address additional needs for your unit each year**, continue building an actionable plan with the [one-year A.I. program](#) for \$200 (\$50 savings).

SGNA**

Remember to keep sharing best practices with your colleagues. In addition, please share any improvements you've seen within your unit with [SGNA](#).

We hope this program helped your facility focus on infection prevention at the highest level through education, quality control and performance improvement measures and that you have built relationships with the designated infection control, education and quality staff members or departments in your facility for ongoing collaboration in this important endeavor.

Sincerely,

The SGNA Infection Prevention Work Group

The Infection Prevention Champions Program is generously supported by Boston Scientific.
