We are pleased to announce that the 2026 NYSGE Spring Course will be held on Saturday, June 13, 2026 at NYU Langone Health at 550 1<sup>st</sup> Ave, New York, NY 10016.

The conference will deliver focused educational updates highlighting clinically relevant advances in the management of patients with chronic liver disease (CLD) and gastrointestinal (GI) disorders to over 100 health care providers. We are pleased to feature an interactive format to enhance its educational impact. The faculty, comprised of renowned gastroenterologists and hepatologists, will review state of the art developments in GI disorders and CLD.

The forum will deliver emerging science and incorporate expert opinions on best practices for the diagnosis and management of patients with CLD and GI disorders. The 2026 Spring Course will also review the most impactful topics presented during EASL and Digestive Disease Week®.
