

Society of Gastroenterology Nurses and Associates, Inc.

*As a participant in the SGNA Infection Prevention Champions Program,*

---

Facility Name/Unit

*is dedicated to upholding the mission of the Infection Prevention Consortium by providing all gastroenterology and endoscopy patients, care providers and collaborative partners at all levels of practice with evidence-based procedural resources that will ensure safety from infections throughout the gastroenterology and endoscopy experience.*

*This will be done through Champions Program participation whereby the unit-selected Champion is committed to educating self and other gastroenterology/endoscopy staff on infection prevention/control topics, maintaining high quality control within the endoscopy arena and addressing performance improvement needs with the support of the unit manager or supervisor.*

*Unit-selected Champion:*
