

SGNA Train the Trainer Scholarship

What is the Train the Trainer Scholarship?

The Train the Trainer scholarship has been created to financially assist SGNA members or non-members with attendance to one of the Train the Trainer sessions at the SGNA 44th Annual Course.

This scholarship will be awarded to those recipients who meet the established criteria. There will be five \$1,500 scholarships available to be put toward one of the Train the Trainer sessions at the SGNA 44th Annual Course.

Applicants are asked to respond to questions that reflect their day-to-day role in endoscopy. Applicants should have already registered to attend one of the Train the Trainer sessions at the Annual Course. If you register for one of the Train the Trainer sessions and you do not receive the scholarship, SGNA will cancel your registration for that session at no fee or cost to you. Before you apply for this scholarship, please register for one of the sessions first.

All information submitted should apply January to December of the past year.

Eligibility:

You may be eligible for the Train the Trainer Scholarship if:

1. You are currently employed as a caregiver in endoscopy, either as a registered nurse or technician/associate
2. You have registered for one of the Train the Trainer sessions at the upcoming Annual Course

Please note that this scholarship is exclusive. Applicants cannot win both the Train the Trainer scholarship and the First Time Attendee Scholarship or Annual Course Scholarship. You must pick one scholarship to apply to.

Guidelines for Completion

Any individual interested in applying for this educational scholarship must complete the application below.

Please complete the application in its entirety and return to SGNA by fax (312.673.6694) or by emailing the application to cehrhart@smithbucklin.com no later than 11:59pm CT on **Wednesday, February 15, 2017**.
